

Court of Appeals, State of Michigan

ORDER

Vijayakumar Vemulapalli v City of Flint

Bill Schuette
Presiding Judge

Docket No. 285767

William C. Whitbeck

LC No. 04-80506 PZ

Donald S. Owens
Judges

The Court orders that the motions to dismiss the appeal and motion for preemptory reversal are GRANTED for the reason that the appeal is not within the Court of Appeals jurisdiction because the order of May 16, 2008, is not a final order as it does not dispose of all the claims of the parties and adjudicate those parties rights and liabilities. See MCR 7.202(6)(a)(i).

The Court orders that the motion to extend time and allow for late filing of answer to motion for preemptory reversal is GRANTED.
