The Court orders that the motion to waive fees is GRANTED for this case only.

The delayed application for leave to appeal the March 8, 2013, order from the Wayne Circuit Court is DISMISSED for lack of jurisdiction. Because the defendant previously appealed and filed post-judgment motions for relief, he could seek relief in the circuit court only under the procedures provided by the Subchapter 6.500 of the Michigan Court Rules. Accordingly, this Court examined defendant's application seeking leave from the circuit court's denial of his "motion for request to settle the record regarding certified records overcoming presumption of accuracy" under the standards set forth in MCR 6.508(D). Defendant already filed motions for relief from judgment and cannot appeal the denial or rejection of a successive motion for relief from judgment. See MCR 6.502(G)(1). None of the exceptions found in MCR 6.502(G)(2) are applicable.

The motion for immediate consideration is DISMISSED.

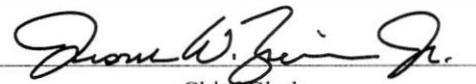

The motion to remand is DISMISSED.
