---

The Court orders that the motion to remand is DENIED for failure to meet the requirements of MCR 7.211(C)(1)(a)(ii) because it is not supported by an affidavit or offer of proof regarding the facts to be established on remand. Rather, defendant merely asserts in conclusory fashion that the police in Genesee County led him to believe that he would not face the present charge in Livingston County without detailing the alleged conduct by the police. Similarly, defendant provides no indication of the factual grounds on which he would seek to challenge the amount of restitution awarded to the complainant and the relevant insurance company.
