**ORDER**

**Shannon Mary Evans v Adam Daniel Evans**

Docket No. **324596**

LC No. **2009-008618-DM**

---

William B. Murphy, Chief Judge, acting under MCR 7.211(E)(2), orders:

The motion to extend time to file appellee's brief is GRANTED until December 19, 2014. Thus, appellee's brief filed on that date shall be deemed timely filed. Further, appellee shall be allowed to present oral argument notwithstanding the clerical error of failing to include a request for oral argument on the title page of her brief because the filing of her motion to extend time evinces an intent to present oral argument.
