ORDER

Patricia Shepard v Department of Health and Human Services

Presiding Judge

Docket No. 326083

Peter D. O'Connell

LC No. 14-001400-AA

Donald S. Owens
Judges

The motion for leave to file a response to appellee's answer to the motion for reconsideration is GRANTED.

The motion for reconsideration is DENIED. Appellant's February 25, 2015 submission did not constitute a delayed application for leave to appeal and did not retroactively change her claim of appeal into a delayed application. We note that appellant may still file a delayed application for leave to appeal the January 22, 2015 circuit court order until July 22, 2015 under the six-month period for filing a delayed application provided by MCR 7.205(G)(3). Of course, appellant may also file a motion to waive fees with such a delayed application.
