

Court of Appeals, State of Michigan

ORDER

Rachel Ann Mellema v Jon Marc Mellema

Docket No. 329206

LC No. 13-011868-DM

Joel P. Hoekstra, Judge, acting under MCR 7.211(E)(2), orders:

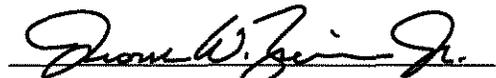

The motion to extend time for filing answers to the motion to dismiss and the motion for sanctions for vexatious proceedings is DENIED because it does not appear that transcripts of the proceedings indicated by appellant are necessary to properly respond to those motions. However, in the interests of justice, the time for appellant to file answers to the motion to dismiss and the motion for sanctions for vexatious proceedings is extended until seven days after the date of this order to allow appellant an opportunity to timely file such answers.
