The Court orders that the “unopposed motion to file documents under seal” pursuant to MCR 7.211(C)(9) is DENIED without prejudice. None of the exhibits to the application are marked as “Confidential” as required by the protective order entered by the trial court; thus, it is not apparent to this Court that any of the exhibits to plaintiffs’ application fall under the protective order. Plaintiff may file with this Court a more definitive statement identifying which exhibits to their application fall under the protective order, and identifying the pages in the application that discuss the documents that were produced during discovery under the protective order. Until a more definitive statement is filed, this Court will not enter an order allowing the application and “related exhibits” to be filed under seal as requested.
