The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED for the failure to demonstrate that further factual development of the record is required on defendant-appellant's claim of ineffective assistance of counsel. Although defendant-appellant has included an affidavit or offer of proof in support of his motion to remand, he has not shown that he can prove that his trial counsel's actions were prejudicial or that he can overcome the presumption that the challenged actions by his counsel involved sound strategic decisions.
