The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED for the failure to properly demonstrate by affidavit or offer of proof the facts to be established at a hearing on remand or to establish that the issues should be initially decided by the trial court. While defendant-appellant has included offers of proof and an affidavit with his motion, they do not address development of the record on facts material to this Court's review of the issues raised. Defendant-appellant has not established that the trial court's order for restitution was based solely on the damage to the victim's car or that the trial court has enforced an order requiring that defendant-appellant repay the cost of his court-appointed attorney.
