Presiding Judge

Docket No. 313105

William B. Murphy, C.J.

LC No. 12-001524-FH

Joel P. Hoekstra  
Judges

The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant has not provided with his motion an offer of proof or shown that an initial decision of the trial court is required on his issue regarding his attorney's failure to raise a defense. Defendant-appellant's affidavit is insufficient to support his claim that he was provided with inaccurate advice regarding whether to accept a plea deal, given the facts of this case. Defendant-appellant also has not shown that his counsel was ineffective for not offering to stipulate to certain facts when defendant-appellant has not shown that the prosecutor was likely to have agreed to stipulate to those facts.
