People of MI v Daron Mandel Evans

Docket No. 321909

The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. This Court previously denied defendant-appellant's first motion to remand also with regard to the scoring of Offense Variable 6, but noted that defendant-appellant had preserved for appellate review his objection to the scoring of the sentencing guidelines involving Offense Variable 6. Defendant-appellant again has not shown that further proceedings in the trial court are necessary at this time regarding his trial attorney's failure to object to the scoring of Offense Variable 6 at the time of sentencing.
